# Specialty Care DEPARTMENTS

## EMERGENCY

Dr. Heather Bauer  
Dr. Colleen Beach  
Dr. Christopher Coppins  
Dr. Karen Fidell  
Dr. Judith Fleischaker  
Dr. Noni Greene  
Dr. Elizabeth Konoski  
Dr. Samuel Latra

### Services Include:

Diagnosis and emergency stabilization of all patients with acute, life-threatening diseases; multi-trauma; seizure disorders; surgical patients requiring urgent treatment. In addition to providing initial emergency care, this service provides advanced, rapid on-site diagnostics/coagulation monitoring/digital radiography, endoscopic removal of esophageal/gastric foreign bodies, emergency surgery, decontamination and treatment of toxin exposure, respiratory and cardiac support, fluids/colloid therapy, early nutritional support, transfusion administration, pain management and 24-hour observation of all hospitalized patients by an experienced, internship-trained emergency clinician.

## CRITICAL CARE

Dr. Melissa Holahan, DACVECC  
Dr. Sara Snow, DACVECC

After patients have been stabilized by the emergency service they may be transferred to the ICU for continued support under the management of a criticalist. The critical care department is available 7-days a week to provide continuity of care for your patients and state-of-the-art continuous monitoring to ensure the highest level of patient care.

### Services Include:

Critical care management, treatment of poly-trauma/traumatic brain injury patients, wound care, transfusion medicine, enteral & parenteral nutrition (feeding tube placement), thoracic tube placement/management, oxygen support and mechanical ventilation, cardiac monitoring/wireless ECG monitoring/telemetry, invasive blood pressure monitoring, advanced vascular access, infectious disease control, peritoneal dialysis and multi-modal pain management.

## SURGERY

Dr. Lucy H. Sheilds Henney, DACVS  
Dr. Marco Cervi, DACVS  
Dr. Craig Riggs, DACVS

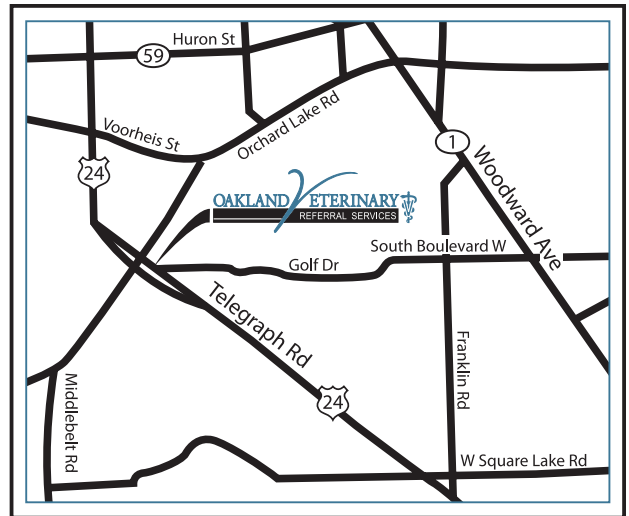

### Services Include:

Orthopedics, neurosurgery, cardiovascular, dental, oncology, general surgery, soft-tissue, arthroscopy and laparoscopy

## BLOOD BANK

### Buddies for Life Canine Blood Bank

Blood products are collected on an as needed basis. We have approximately 75 volunteers who donate quarterly, similar to blood drives at the American Red Cross. The Buddies for Life Blood Bank is always looking for new volunteers. Volunteer candidates should be over 50lbs, between 1-8years of age, healthy, happy and friendly. If interested, email: [bloodbank@ovrs.com](mailto:bloodbank@ovrs.com)

## ONCOLOGY

Dr. Erin Bannink, DACVIM  
Dr. Jessica Ottnod, DACVIM  
Dr. Michele Sauerbrey, DACVIM

Diagnosis and treatment of all cancers

### Services Include:

Ultrasound, Ultrasound guided aspirates, bone marrow analysis, advanced diagnostic imaging, chemotherapy, immunotherapy, dietary consulting, acupuncture, immune support, and palliative care

## CARDIOLOGY

Dr. Renee D. Riepe, DACVIM  
Dr. Timothy Becker, DACVIM

### Services Include:

Diagnosis and treatment of congenital and acquired cardiac disease, echocardiography, electrocardiography and doppler ultrasound

## BEHAVIORAL MEDICINE

Dr. Theresa L. DePorter, dip ECAWBM, DACVB

### Services Include:

Diagnosis and treatment of canine and feline behavior problems including aggression, separation anxiety, destructive behaviors, fears/anxieties, training difficulties and elimination disorders

## DERMATOLOGY / ALLERGY

Dr. Carolyn Kidney, DACVD  
Dr. Ann W. Mattise  
Dr. Annette Petersen, DACVD

### Services Include:

Diagnosis and treatment of diseases of the skin. Including allergic, endocrine, immune-mediated, infectious and parasitic diseases. Allergy testing, biopsy services, video otoscopy and consultations available.

## INTERNAL MEDICINE

Dr. Timothy Becker, DACVIM  
Dr. Jennifer Clooten, DACVIM  
Dr. Aunna C. Lippert, DACVIM  
Dr. Cheryl Rice, DACVIM

### Services Include:

Diagnosis and treatment of all medical disorders (gastrointestinal, respiratory, urological), endoscopy, abdominal ultrasound, intensive care support, enteral nutrition, anesthesia consultation, CT scans, bone marrow
